

Remarks

The specification has been amended to insert a cross reference to the PCT application on which the present U.S. application is based.

Inadvertent errors have been corrected on page 29 of the specification. The changes are self-explanatory, considering the starting materials referred to in Examples 18 and 19.

Claim 1 has been amended, and new claims 10-22 have been added, consistent with the Amendment under PCT Article 34(2)(b).

Respectfully submitted,

Shigeru YAMAGO et al.
